

CANDIDACY STATEMENT FOR IASP ELECTION 19-21

DR JEETENDRA YADAV

I am DR. JEETENDRA YADAV. I am working in the ICMR-National Institute Of Medical Statistics as Senior Technical Officer. I have done my MPS and Ph. D from International Institute for Population Sciences Mumbai. I have been closely associated with past three presidents of IASP from past one decade. I am currently serving IASP as Joint Secretary. I am actively involved in Research and consultancy for last many years. I also served on several National and International Committees such as IUSSP, ISMS, IASSH. For IASSH I served as executive member for two years from 2013-15. I have published more than 40 papers in reputed national and international journals in the field of Demography/Population Studies. I have also attended and presented more than 35 papers in the conferences in India and abroad.

I joined IASP in 2007 as life member and was elected for executive council in 2016. I have also served as BOT member of IASP for 2014-2016. I have been attending most of National conferences of IASP from 2007 to till date and served (managing abstracts, preparing souvenir and also involved in preparing utilisation certificates for funding agencies and conference proceedings) in active role in every annual and regional conferences. I have consistently worked towards promoting the activities of IASP till date. I have been actively associated with chief editor of Demography India since last four years.

If elected, I have plan to toil for networking and meaningful collaborations with the national and international agencies in the field of demography, public health, population policy and advocacy. I would also like work to expand the membership of IASP by involving more and more demographers as I have done in the past also. I would also like to work and expand the prospects for young demographers, population scientist and researchers by mobilizing resources for various activities including meetings, scholarships, training courses, etc, and also encourage them to join the IASP.
