

Dear Members

New Year Greetings from IASP.

As informed earlier, we have sent the data base of all the life as well as annual members of IASP to the Election committee and requested them to initiate the process at the earliest. I had a few meetings with the committee and our vice president, Dr KVR Subrahmanyam also had a meeting with the committee to expedite the process.

Our intention was to complete the election process in 2018 but it got delayed as the e voting software has to be in place and updating of the database of members with e mail id and mobile phone also took more time. The updated list of annual and life members is available on the website of iasp (www.iasp.ac.in). Request all of you to visit the same and check your details. In case of any issues, you may inform iasp (iasp.india@gmail.com) or the committee (election.iasp@gmail.com). You will receive formal communication from the Election Committee soon.

Warm regards

Somayajulu

(Dr U V Somayajulu)

President , IASP
