

IASP ELECTION 2024

DR PRIYANKA YADAV

Dear Esteemed IASP Members,

The Indian Association for the Study of Population (IASP) has recently announced its election for the term 2024-2026 and I am honored to announce my candidacy for the Post of Board of Trustees of the IASP.

With a deep passion for demography and over a decade of dedicated research and professional experience in the field, I am committed to advancing the objective of our esteemed association. I have completed Master's in Geography from Banaras Hindu University, Varanasi, and M.Phil. and Ph.D. in Population Studies from Centre for the Study of Regional Development, Jawaharlal Nehru University, New Delhi. At present I am working as a Research Analyst at Population Research Centre, Institute of Economic Growth, Delhi, possessing over a decade of research experience in the field of Demography. I have published extensively as a lead author on population health issues in national and internationally reputed journals.

I have joined IASP as a Life member in 2015 and since then I have been actively involved in all its activities. I have attended most of its Conferences and being an active member tried to give my support to the organization. I have also increased the membership of the organization by encouraging young demographers. At present I am an Associate Managing Editor of the journal **Demography India** which is a bi-annual journal of IASP. I have been awarded **Dr. C. Chandrasekharan Young Scientist Award** for best Paper Presentation in the year 2017.

My vision for IASP is to Promote Research Excellence by working towards creating more opportunities for collaborative research, funding and addressing contemporary challenges; Capacity Building by organizing workshops, training programs and mentorship initiatives; and to promote Inclusivity within our association. I will work to ensure that all members, regardless of their background or area of expertise, feel valued and represented.

If elected, I pledge to dedicate my time, energy and expertise to furthering the goals of IASP. With active engagement and collaborative effort will try to build a stronger and vibrant community. For this I humbly request for your support and your priceless vote. Thank you for considering my candidacy.

Thanking you,
Warm Regards,
